Paragraph 5. Special Duties of Foremen and Cement Masons. The Cement Mason Foreman and the Job Superintendent, before any concrete is placed on all floor slabs and stairs, shall together determine the manner, ways and means such concrete shall be placed, and all Cement Masons shall remain on all floor slabs and stairs until all concrete has been placed on such floor slabs and stairs.

Paragraph 6. Premium Work Days.

When a Foreman has charge of a job on regular working days he shall have charge on Saturdays, Sundays, all holidays and overtime.

SECTION 8 Referral Procedure

Paragraph 1. General. Because the nature of the business of Cement Masons is such that the turnover of personnel is great (frequently a Cement Mason or Apprentice is employed for a day, sometimes for only a part of a day), the parties mutually agree that it is desirable to establish some central office where Employers and applicants alike can register their wants, thus saving the prospective Employer and employee a great deal of time in contacting each other. To accomplish this, it is agreed that a referral procedure be established at the Union office, at the expense of the Union. Accordingly, said referral procedure shall be operated in accordance with the following principles and procedures:

- (a) Selection of applicants for referral to jobs shall be on a nondiscrimination basis with respect to race, religion, creed, color, nationality or national origin, or age, or sex, or military discharge, and, will not, in any way, be affected by union membership, policies, rules, regulations, constitutional provision or any other aspect or obligation of Union membership policies or requirements.
- (b) The employer retains the right to reject applicants referred by the Union.
- (c) The foregoing provisions shall be posted in places where notices to employees and applicants for employment are customarily posted. Nothing contained herein shall prevent the Employer parties hereto, by their designated agents, from inspecting and examining the referral procedures.
- (d) The Employer shall give the Union sufficient notice when ordering men.

Paragraph 2. Recognized Employers. In accordance with the foregoing provisions, the Union agrees to refer, without charge, applicants for work covered by this Agreement to Employers who have made requests for such employees. For the protection of the employees covered by this Agreement, the Employers shall file with and furnish to the Union, on blanks prepared and furnished by the Union, a statement containing the following information:

Name of business, name of owner, business and residential address, business and residential telephone number, experience and length of time in cement construction work, either as an Employer or employee, name and address of bank and bank reference, Employer Identification Number of business, State of Illinois Unemployment Account Number, copy of Workmen's Compensation Insurance Policy or Certificate of the insurance company certifying the existence of the same.

It is further agreed that the Employer will pay all employees covered by this contract on an hourly basis only. Piece rates, square footage arrangements, or any other devices by an Employer to avoid the intent of this provision are expressly prohibited. As is traditional in the industry, Employers or Contractors shall not be permitted to contract for labor only, and employees shall work only for recognized or qualified Contractors or Employers who are signatory to this agreement.

SECTION 9. Arbitration

Paragraph 1. General. The Union and the Employer agree to establish arbitration as set forth herein for the purpose of arbitrating all disputes over the interpretation or application of any term or provision of this Agreement in binding arbitration with the clear understanding that the Union is not an indispensable party in the bringing of any action at law by the Trustees of the Pension, Welfare, and Tax Deferred Savings Funds, and that the Trustees of the Pension, Welfare, and Tax Deferred Savings Funds shall not be required to arbitrate any dispute unless an arbitration provision shall hereinafter be established in the Trust Agreements.

The parties agree that in the event that there is a delinquency of any fringe benefit contribution and/or an Employer fails to comply with the bonding requirements of this Agreement, the Union has the right to take any job action, including the right to withhold employees, until delinquencies, liquidated damages, interest, and all costs of collection, including audit costs, attorney fees and court costs are paid by the delinquent employer. Delinquency shall be defined as when the contribution report and payment are not received by the Fund by the 15th of the month following the month in which the work was performed.

The parties further agree that the Union reserves the right to remove workers covered by this Agreement in case of non-payment or underpayment of wages or benefits.

It is further agreed that in the event of arbitration with respect to non-payment or underpayment of wages, as such violation is set forth and described in Paragraph 5 of Section 3 of this Agreement, the Arbitration Board hereinafter provided for is specifically authorized, empowered

and directed to include in its decision and award that any Employer found to have committed such violation shall be liable to the employees affected, in the amount of the unpaid wages and in an additional equal amount as liquidated damages.

Nothing herein shall be construed as preventing the Union from having the right to withhold the services of employees represented by it until such time as the Arbitration Board convenes. The Union agrees that there shall be no stoppage of work while the Arbitration Board is in session except as provided in this paragraph regarding non-payment or underpayment of wages and/or benefits and/or the Employer's failure to maintain the proper bond as required in this Agreement.

Paragraph 2. Selection and Procedure. The parties hereto may each select at an annual meeting five (5) members who shall serve for one year upon a Joint Arbitration Board. However, the parties may select arbitrators from time to time as required to enforce the arbitration provision of this Agreement and, in any event, shall provide a list of arbitrators upon forty-eight (48) hours notice from either party.

- (a) No person holding an elective or appointive public office shall be eligible to serve upon this Joint Arbitration Board, and should a member be elected or appointed to such office, his membership shall immediately terminate and a successor be elected in the manner set forth herein.
- (b) Should a member of the Arbitration Board be unable to serve, because of suspension, resignation or any other reason, his successor shall be elected from the Association or Union in which he holds membership.
- (c) The Joint Arbitration Board shall have full power to enforce this Agreement and to make and enforce working rules for the parties hereto.
- (d) The Joint Arbitration Board shall meet upon forty-eight (48) hours written notice from either of the parties hereto.
- (e) Four (4) members of the Board, two from each of the parties hereto, shall be a quorum for the transaction of business, but each shall have the right on a roll call or vote to cast the full vote of its membership and it shall be counted as though all were present and voting.
- (f) The Joint Arbitration Board shall have the right to summon a member or members of the parties hereto as witnesses or principals of a dispute. Said summons shall be served through the President or Secretary of the party hereto, of which said witness or principal is a member.
- (g) Failure on the part of the Arbitrators to meet as provided in Section 9, Paragraph (d), and to present and maintain a quorum for the consideration of any matter referred to, as provided in Section 9, Paragraph (e), will be a violation of this Agreement on the part of the Association or Union whose members on said Joint Arbitration Board fail to have present sufficient members to transact business as provided in Section 9, Paragraphs (d) and (e).
- (h) All questions or disputes coming before the Joint Arbitration Board will be decided by a majority vote and in accordance with Section 9, Paragraph (e).
- (i) Should a dispute or grievance arise between the parties hereto, or between a member of one party and an officer or representative of the other party, such dispute or grievance shall immediately be submitted in writing to the President of the parties hereto and a copy to the Joint Arbitration Board. Should the President not agree and dispose of the matter within twenty-four (24) hours thereafter, it shall be taken up by the Joint Arbitration Board for adjudication. The Board shall hear the evidence and render its decision as speedily as possible.
- (j) Should the members of the Joint Arbitration Board receive compensation for their services or loss of time, because of membership on said Board, the amount of such compensation is to be determined and paid by the party hereto of which said arbitrators are members.

SECTION 10. STEWARDS

In order to secure observance of the provisions of this Agreement, each job shall have a Steward. The authorized Business Representative of the Union shall appoint a Steward from the Cement Masons working on the jobsite. In addition to his work as an employee under the terms of the Agreement, the Steward shall be permitted to perform, during working hours, such of his normal union duties as cannot be performed at other times. The Union agrees that such duties shall be performed as expeditiously as possible and the Employer agrees to allow the Steward a reasonable amount of time for the performance of such duties. The Steward shall receive the regular rate of pay for a Cement Mason. It is understood and agreed that the Steward duties shall not include any matter relating to hiring, termination or discipline of employees. The Steward shall always carry a copy of this Agreement. The Employer agrees to notify the Union twenty-four (24) hours prior to the termination of a Steward. When there is a discharge for just cause, the Union shall be notified immediately by the Employer. All Stewards shall have a current paid working card of a Journeyman Cement Mason of the OPCMLA.

SECTION 11. Other Benefits

Paragraph 1. General. All Employers party to this Agreement agree to pay the sums hereinafter designated to the applicable Trust Funds as set forth below, each such fund having been heretofore created by an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the Employers and the Union for the purpose of providing the indicated benefits to each eligible employee. It is expressly understood and agreed that the Agreement and Declarations of Trust hereinafter named, together with all Amendments, Rules, Regulations, Policies and Procedures adopted pursuant thereto are incorporated herein by reference and made a part hereof, and that all Employers party to this collective bargaining agreement agree to become or remain bound by and to be considered a party to said Agreements and Declaration of Trust as if said Employers had signed the original copies of the aforementioned Trust Instruments and all amendments thereto. All Employers party to this Agreement hereby ratify and confirm the appointment of the Employer Trustees of said Trust, who shall, together with their Successor Trustees designated in the manner provided in said Agreements and Declaration of Trust, and jointly with an equal number of Trustees appointed by the Union, carry out the terms and conditions of the Trust Agreements. The contributions set forth below shall be made for each hour worked by each employee covered by this Agreement, regardless of the geographic location of the job, to the fund applicable in each circumstance.

- (a) For the purpose of reciprocity within the Northern Illinois District Council of the Operative Plasterers' and Cement Masons International Association consisting of Local Unions Nos. 502, 803, and Local 11 consisting of Areas 362, 638, and 161 there shall be a Home Local for each member.

The term "Home Local Union" is defined as the Local Union in which each individual member is a member in good standing or is dispatched from. Each individual member shall be paid his/her Home Local's wages.

All authorized check-off, working dues, fringe benefits and training and savings funds shall be paid to the person's Home Local Union in the same manner and in the same amounts as if the hours of work had been performed within the jurisdiction of the Cement Masons Home Local regardless of where the work was actually performed.

The parties agree and understand that there shall be no duplication of payments under this article on account of hours worked by an employee within the Northern District Council of the O.P. and C.M.I.A.

Additionally, Cement Masons will hold the Lake County Contractors Association, The Builders Association, Illinois Road and Transportation Builders Association, Underground Contractors Association, Fox Valley Associated General Contractors, and its members harmless and will defend the Employer with an attorney selected by the Union in its sole discretion from any claim or suits brought regarding Section 11, Paragraph 1(a). See attached addendum for Local/Area amounts.

Effective August 1 2010, and until a different contribution amount is negotiated, at which time the Employers agree to be bound by such negotiations and to pay such amounts as negotiated, the Employer agrees to make Health and Welfare contributions of (See attached addendum amount) per hour for each hour worked by all employees covered by this Agreement in addition to the wages herein stipulated. This Amount per hour shall be paid to the Welfare Fund on or before the fifteenth (15th) day of the month following the month in which the work was performed. Said reports and contributions postmarked after the fifteen (15) day period shall be assessed liquidated damages amounting to fifteen percent (15%) of the contributions which are owed. The Employer acknowledges that the liquidated damages shall be used to defer administrative costs arising by said delinquency and acknowledges the costs to be actual and substantial, though difficult to ascertain. However, the Employer acknowledges these costs to be a minimum of fifteen percent (15%), waiving the necessity of any additional proof thereof. In addition, the delinquent contributions shall bear interest at the maximum legal rate of interest or ten percent (10%) per annum or any other amount not to exceed fifteen percent (15%) as determined by the trust fund from the due-date until they are paid.

Further, in the event the Trustees place the account in the hands of legal counsel for collection, the delinquent Employer shall be liable for reasonable attorney's fees, and for all reasonable cost incurred in the collection process including court fees, audit fees, etc. Reasonable attorney's fees shall mean: All reasonable attorney's fees in the amounts for which the Trustees become legally bound to pay, including recovery of liquidated damages, interests, audit costs, filing fees, and any other expenses incurred by the Trustees.

This Amount per hour shall be paid to the Pension Fund on or before the fifteenth day of the month following the month in which the work was performed. However, the Employer acknowledges these costs to be at a minimum of fifteen percent (15%) waiving the necessity of any additional proof thereof. In addition, the delinquent contributions shall bear interest at the maximum legal rate of interest or ten percent (10%) per annum or any other amount not to exceed fifteen percent (15%) as determined by the trust fund from the due date until they are paid.

Further, in the event the Trustees place the account in the hands of legal counsel for collection, the delinquent Employer shall be liable for reasonable attorney's fees, and for all reasonable costs incurred in the collection process, including court fees, audit fees, etc. Reasonable attorney's fees shall mean: All reasonable attorneys fees in the amounts for which the Trustees become legally bound to pay, including recovery of liquidated damages, interests, audit costs, filing fees, and any other expenses incurred by the Trustees.

Further, the Employer and the Union recognize that the financial health of the Pension Fund created by this Agreement is of crucial importance to both the employees and the Employer. Accordingly, the parties agree that, as a statement of principle, the Trustees should administer the Fund, consistent with their fiduciary duties, in a manner so as to preserve the Fund assets as well as to minimize the possibility for withdrawal liability by any Employer.

Paragraph 4. Tax Deferred Savings Fund. Additional Apprentices may be granted to an Employer upon proper application to the Joint Apprenticeship Committee.

All Apprentices are to be bound by a written contract of indenture for a term of three(3) years to the Employer, the terms of which indenture shall be prescribed by the Joint Apprenticeship Committee and shall require that the Employer provide reasonable continuous employment, defined by the Joint Apprenticeship Committee, for the term of the indenture. Effective from August 1 2010, and until a different contribution amount is negotiated, at which time the Employers agree to be bound by such negotiations and to pay such amounts as negotiated, the Employer agrees to make Apprentice contributions of (See attached addendum for per hour contribution for each hour worked by all employees covered by this Agreement in addition to the wages herein stipulated. SECTION 19.
**Operative Plasterers' and Cement Masons' International Association
Code of Conduct**

The purpose of the OPCMIA Code of Conduct is to stimulate our member's pride in craftsmanship and customer satisfaction.

Fostering membership pride in our plasterers, cement masons, and shop hands is key to our survival. To achieve this goal our Local Union Officers must implement this Code of Conduct, uphold it strictly, and apply it consistently. The result will be to increase our members self worth, bolster quality craftsmanship, improve working conditions, leverage higher wages and benefits, and create increasing work opportunities for our members. It will also benefit our contractors by increasing their productivity, ensuring timely job completions, keeping projects within (or under) budget, and providing them with reliable, quality craftsmanship.

To be successful, the Code of Conduct must have the full support of the Local Union at all levels. Officers must wholeheartedly dedicate themselves to this task by "setting the standard" and acting as role models for the membership.

Any member found in violation of the Code will be subject to the disciplinary procedures to the International and Local's Constitution which includes, but is not limited to, charges being filed and the possibility of a fine, suspension, and/or expulsion. While charges may be brought at any time a three strike policy shall be in effect. This means that any member who has three written complaints filed by Employers shall face disciplinary charges and after a hearing may be fined, suspended, or expelled.

Responsibilities under the Code

Both the Union and the Contractor have responsibilities under the Code. For the Code to be mutually beneficial, both parties must take their respective duties seriously, and communicate with the other party constructively and on a consistent basis.

Dispute Resolution Mechanism

This Code of Conduct sets for a standard of goals and responsibilities for the parties, which both sides should use their best efforts to follow. Should any dispute arise under this Section both the OPCMIA Local Unions and the signatory contractors have obligations respecting the resolution of such disputes. In the early stages of a dispute, our Local Unions must actively facilitate dialogue between its members and the contractors. Similarly, contractors should promptly address any and all problems and issues of concern as they arise. If these initial remedial actions of the Local Union and contractor fail to resolve the matter, the parties will pursue their respective remedies under the collective bargaining agreement(s). However, such disputes are not considered "grievances" under Section 9 of this Agreement, and are not subject to the provisions of that Section.
